12/07/2021

Dear students,

Every year, **Paper Bag Day** is observed on July 12th around the world. The day is celebrated to create awareness about the harmful effects of plastic bags on our environment. A plastic bag takes more than a hundred years to decompose, they are non- biodegradable and do not decompose. Therefore, it is important to understand the ill effects of single use of plastic bags. Hence, avoid using plastic bags, instead use only paper bags.
