WORLD NATURE CONSERVATION DAY

- Contribute
- Conserve
- Protect

World Nature Conservation Day is celebrated on July 28 annually. It acknowledges that a healthy environment is the foundation for a stable and healthy society. Earth's natural resources include air, minerals, plants, soil, water, and wildlife. Conservation is the care and protection of these resources so that they can be preserved for future generations. It includes maintaining diversity of species, genes, and ecosystems, as well as functions of the environment, such as nutrient cycling.

Dear Students,

World Nature Conservation Day is celebrated on July 28 annually. It's everyone's responsibility to participate and conserve nature which is a beautiful gift to us. To magnify the importance of this day the school is organizing the following activities.

Grade I to V

1. Nature mask / Make an art using shells, sticks, rocks, leaves etc.
 - Take a photo of your art and post it in your respective class groups.
 - The best art will be rewarded.

Grade VI to VIII

1. Make a bird feeder (water or seeds).
 - Take a photo of your craft and post it in your respective class groups.
 - The best craft will be rewarded.
2. Prepare a red data book on critically endangered birds (minimum two birds).
 - The book should include picture of birds.
 - Write a short note on birds.
 - Submit it to school on or before 2nd of August.

Grade IX and X

1. Write a report on Bandipura forest Or KRS dam.
 - The report should include these points:
 - a) Introduction
 - b) Picture
 - c) Explanation
 - d) Conclusion
 - Submit it to school on or before 2nd of August.
