World Environment Day is the UN's most important day for encouraging worldwide awareness and action for the protection of our environment. Since it began in 1974, it has grown to become a global platform for public outreach that is widely celebrated in over 100 countries.

Above all, World Environment Day is the “people’s day” for doing something to take care of the Earth. That “something” can be focused locally, nationally or globally: it can be a solo action or involve a crowd. Everyone is free to choose.

THE THEME: Each World Environment Day is organized around a theme that focuses attention on a particularly pressing environmental concern. The theme for 2022 is “**Only One Earth**”.

On this day our school has planned to conduct various activities on 07-06-2022. All the students are hereby requested to participate.

- All the teachers and students are requested to wear green colour dress on 7-6-2022.
- 8th to 10th students are requested to bring Plant saplings.
- 8th to 10th students are requested to bring organic wastes (fruit peels and vegetable peels) for the preparation of organic manure.

Thanking you,
