## World Environment Day

World Environment Day is celebrated every year on 5<sup>th</sup> June to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. People come together to pledge towards building a greener planet.

Keeping this aim in view, Eco Club organized several competitions to commemorate World Environment Day on 5th of June 2022. Students of various grades participated and celebrated World Environment Day enthusiastically.

**THE THEME**: Each World Environment Day is organized around a theme that focuses on a particular pressing environmental concern. The theme for 2022 is “**Only One Earth**”.

In celebrating the World Environment Day, our school conducted various activities on 07 June, 2022. All the teachers and students dressed up in green.

Grade – 8, 9 and 10 students brought saplings and they were planted in the school garden. Students were also taught to make organic manure from wastes like fruit peels and vegetable peels.

Thanking you,

ECO Club
